Message from the Director:

Greetings Communication Academy Parents & Students,

Time is flying by and both myself and the team cannot believe that we are already quickly approaching the end of the school year. What an amazing year it has been so far!

The team recently took our 9th and 10th graders to WKMG Channel 6 for a studio tour. Not only did we learn the "day in and day out operations" of Channel 6, but we got to sit in on the live noon show. Better yet, we got to appear on the broadcast and wave to all of central Florida!

Our student ambassadors held a "Social Media Workshop" in conjunction with the Daytona Beach News Journal and taught senior citizens about how social media works. Students showed live examples as well.

By now, students have registered for their 2016-2017 classes. Students should be following the academy model, but I will be reviewing schedule selections over the summer.

Lastly, we will be taking our annual Disney trip during the 4th quarter. Details to come!

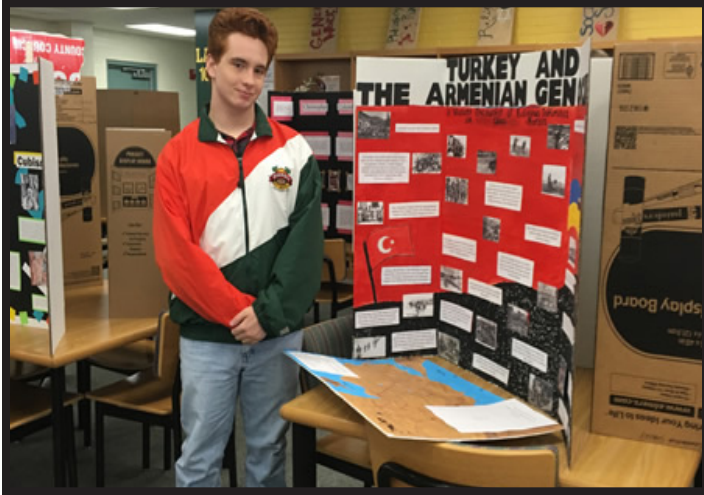

Warm regards,

-Catherine Oley, Director
